Your Child, Our Privilege

Latest News:

We have been busy getting out & about into the community and have visited a number of places over the last month.

We have been baking every day and taking the chance to visit local shops to buy the ingredients.

We went to Bury Football Club and watched the first team get ready for their big match with Walsall.

We had fun petting the animals at the local community farm.

We helped out the volunteers at the local Transport Museum by buying some magazines about public transport systems for our ongoing roleplay areas.

We visited the local residential care home and took part in a creative activity with our new friends.

Staff News:

We have 3 new members of staff starting with us in September, Chandra in Farmers and Sarah in Ducks both of whom are fully qualified level 3; we are looking forward to introducing these new team members. We also have Alisha starting with us as a new cleaning operative. Please look out for their photos on our notice board.

Your Child, Our Privilege

Parent's News: Have you seen our new developments display? We have highlighted the areas we are currently working on within the setting to get parents and carers involved.

We are currently working on outdoor play, and enhancing our role-play areas!

For children, role play is essentially learning through play. ... Role-play is simply a type of pretend play where children get into character and act out a role or real life context. It is an active, social activity and children use role-play to reflect on and develop their knowledge of a topic.

The importance of outdoor play for children's healthy development is grounded in a strong body of research. As a natural and compelling activity, play promotes cognitive, physical, social, and emotional well-being, offering the necessary conditions for children to thrive and learn.

As the weather is starting to change we would appreciate it if you could bring in wellies and waterproof coats for your children. Thank You.
