

Lambs

We are proud of the outcome of our secret reader sessions. The parents have happily participated in reading a story to a small group of children and one parent took their time to teach the children some animal sign language. The children listened with interest to the different secret readers and are always very excited to join in when they see the secret reader arrive in the Little Lamb's room. If you are interested in being a secret reader, then please speak to a member of the Lambs team!

Ducks

We have recently implemented a 'colour of the week' in Ducklings. This is to promote children's understanding of grouping and early mathematical skills. We will be carrying out weekly colour hunts to help consolidate children's understanding. A great way to carry on the learning at home is by bringing in things from home or even wearing clothes to nursery that match the colour of the week! The colour will be sent out to you on Friday on ParentZone.

Farmers

The children have really enjoyed looking at the story "The Hackney Martian". Following on from this interest, they decided to create a spaceship and an alien from junk modeling materials. This then led onto learning about rockets. We used this as an opportunity to problem solve and investigate how to make things "go". Whilst exploring Space we have also learnt the names of some of the different planets.
