

LAMBS

The Lambs team have been introducing new stories to the babies each week. The children particularly enjoyed activities linking to the story 'We're Going on a Bear Hunt' and 'The Hungry Caterpillar'. The children were provided with lots of sensory play activities linking to the story and we created our own caterpillars and bears!

DUCKS

The Ducklings children have recently enjoyed exploring the 'Brown Bear' story. We focused on the different animal colours and created story props to support the children's attention and communication skills. The children have spent time in small groups listening and acting out the story together.

DATES FOR YOUR DIARY

Parent Workshops:
Monday 16th March

**Grandparents
afternoon:**
Friday 17th April

CHILDREN'S COUNCIL

The children's council members for this term are Rosie, Blake and Roman. They recently changed the nursery menus which have been a great success across the nursery! Well done councillors!

FARMERS

The Farmers have been learning about the different countries of the world. We learnt about America and Finland as Harlen and Lydia had been on holiday. As Zayan's parents originate from Pakistan we also focused on learning about Pakistan and the food they eat. Zayan's mum kindly came into nursery and made 'roti' with the children.

Forest School

Our first Forest School case study has now been completed and the children have thrived from their recent experiences. The children grew in confidence each week and were able to begin managing their own risks by the end of the sessions. The children had begun to understand their own limits and when they needed to rest. They were eager to share what they had been learning with their parents, so we invited the parents in for the final session. Thank you to all parents who attended!

QUESTION OF THE MONTH

Do you know how many words your child should understand/use for their age?
