

We have enjoyed welcoming children back into the setting over the past few weeks and hearing about all the lovely memories they have made at home during lockdown. We are looking forward to seeing the remainder of the children return in September and we hope you are all staying safe and well at home. Please don't forget to send in photos of what you and your child have been doing, so we can build on these experiences at nursery.

The children have loved talking about their time at home during lockdown, and sharing their experiences. To build on this, we have made a display of memories on a 'Memory Branch' to reflect the experiences the children have been engaging in at nursery.

As always, we are passionate about following the children's interests and so we have enjoyed discovering worms, spiders, and all manner of other creepy crawlies. Many of the children have spoken about rainbow walks and pictures they have made during lockdown so we have loved creating our own large scale rainbow pictures using chalk.

The children have also been talking about their parents wearing masks so we have been exploring what masks are used for. We then created our own supermarket and masks to wear while we are shopping, discussing when to put on our masks and how to wash our hands.
