

Across the site we have been focusing on children's emotional wellbeing after the strange times we have all been through; ensuring our children are safe and happy is the key priority within the setting. We will be taking part in regular yoga, mindfulness, and music sessions to support children emotionally and to help manage their behaviour.

Lambs

The children have enjoyed lots of creative activities since they have returned and the staff have been supporting our new walkers with lots of large soft play. The children have lots of new friends joining them this term and have settled in well.

Over the next few weeks, we will be focusing on an 'all about me' topic as an opportunity to get to know our children's interests, like and dislikes.

Ducks

The Ducklings children have enjoyed welcoming lots of new faces into their room. They have decided to focus on 'all about me and our memories' and they are asking all parents to share photographs from your time in lockdown. This can include photos or details of activities you enjoyed and places you might have explored.

The children have been so excited to get back and see their friends; they have spent lots of time outside on bug hunts. They are currently very keen on finding spiders and ants and riding the bikes.

Farmers

The children have come back to the setting really well. It is clear they have missed their friends and it has been great to see how well they have all settled back into the nursery routine. The staff are focusing on understanding the boundaries and routines in Farmers with a key focus to school readiness.

The children have enjoyed lots of creative activities, playing board games which have been excellent for communication and turn taking, and playing outdoors.

NSPCC fundraising

We would like to thank all parents and families for their generous donations over the past year to the various NSPCC events/appeals each nursery has hosted. Together, with your help, we have been able to raise £6392 for the NSPCC across Fisherfield this year! This money will serve to make the lives of vulnerable children across the country better. We have been raising money for the NSPCC since 2009 and we are proud to say that with the support of the families who attend our nurseries, we have raised £84,145 in just over a decade.

After consulting with the Nursery Council in each of the Fisherfield nurseries, we have made the decision to start supporting the RSPCA. The children have demonstrated an interest and love for animals, and this will be a great way to build on their interests. As part of our support for the RSPCA, we will be sponsoring a dog named Marley and will continue to host exciting and fun fundraising events as soon as it is safe to do so!

Marley

Marley is a bright pup who likes playing with his human friends. He needs your support to become a life changing guide dog
