NEWS FLASH

April 2021

The children have enjoyed gardening over the last few weeks, we have been developing our outside gardening area, we have begun to grow our own fruit and vegetables. We will now be planting sunflowers in competition with our other nurseries and the tallest one will be winning a special prize.

The children enjoyed lots of fun forest school activities during our nature week. We built campfires and painted using natural objects such as sticks. We also explored flowers in our new curiosity box which had been left for children by a wild squirrel. Each week we will now be using the curiosity box to introduce new objects to the children to extend their language skills.

Look out for the Lambs math's bag which will be sent home to support children's learning and understanding of number names.

Dates for the Diary:
