

ZEN

## NEWS FLASH

NOVEMBER/DECEMBER 2021

## LAMBS

The children have been enjoying using their senses to explore, to help them gain a better understanding of the world around them. They have been taking part in forest school activities, collecting resources from their environment to use in activities around the room. The children have also enjoyed more risky play learning to manage their own risks while taking part in balancing games or when joining in obstacle courses.

## FARMERS

The children have enjoyed learning about their differences and similarities in comparison to their peers. This interest developed from our book 'All about Diversity', the children have enjoyed making self-portraits of themselves using loose parts, we explored the differences in how we look, dress, eat and different celebrations we take part in.

## COMING UP

We will be teaching the children about those less fortunate and collecting food for the Kashmir youth project's food bank which is located in the Zen office building. Please send in a packet of rice, pasta, tea or tinned food. We will be taking the children to donate their items themselves.
