NEWS FLASH

JANUARY 2022

LAMBS

We have spent a lot of time in the sensory room exploring light and dark through torch play. The children have learnt how to use torches and reflect light on to the pictures on the wall.

EXPLORERS

We have reintroduced weekly P.E sessions which the children are starting to look forward to each week. The children are becoming more confident to change into their P.E kit before taking part.

FARMERS

The children have enjoyed watching the season change from Autumn to Winter with walks to the park next to the nursery. We observed how different the trees looked once the leaves had fallen and how the grass changed when frozen. We also spend time in the library reading stories.

DUCKS

The children were so excited to explore the recent snow, we also made snow trays inside for the children to explore. The children were mesmerized by the softness and spent a long time playing in the tray and exploring using their senses.
