

EDINBURGH WAY

NEWS FLASH

March 2022

LAMBS AND DUCKS.

The little lambs have begun to recognise and identify different zoo animals this topic. We have been sending our Eddie the Elephant home with the children and they have begun to create attachments and embed Eddie into our routine. From their interests with Eddie the elephant we have made a jungle safari outdoors where the children had a zookeeper experience and enjoyed feeding and preparing food for the different animals. We then made an elephant sanctuary outside and enjoyed using the hose pipe and tubes to bath and feed and all the elephants from nursery.

FARMERS

The farmers have been very excited this topic whilst focusing on the 'rotation schema'. The children have brought different types of balls in from home and attended sports activities outside of nursery. We held a football themed day for the children where we made our own paper mache footballs and took part in a penalty shoot out with medals for prizes. We then thought of other things that were round and tested what would happen when we roll them down the forest school hill. We used foods such as watermelon and suede. The children then enjoyed exploring the aftermath with their hands and feet outside.

In March we are going to be learning about our bodies, what we need to grow and the effects of what we eat and exercise on our bodies.
