## MARCH 2022

### LOOK WHAT WE HAVE BEEN DOING.

We have been teaching the children about healthy eating, the Lamb's and Duck's children explored this topic through the story the hungry caterpillar, they took part in food tasting and created their own healthy plates during cutting and sticking activities. The farmer's children explored what food are healthy and unhealthy through role playing in a supermarket and gained an understanding of the price of fruit and vegetables. The explorers have been learning about a wider range of food which is good for them through their weekly provocation items such as avocado and grapefruit. The children all now have a good understanding of unhealthy and healthy foods are and the importance of eating all types of food in appropriate amounts.

### Nursery Council

Our council this term are looking at developing the sensory room, during our first meeting in February the council members who are Ella, Jack, Harry, Oliver and Seb decided they would like sensory wall panels putting up and fairy lights. Once this has been done, we will be meeting again in March to review the current resources we use and identify new ones needed.

### WHAT WE WILL BE DOING NEXT

We are going to be exploring science and reactions alongside learning about colours, the primary colours and how to create other colours through mixing. We will continue to support the children's speech and language through out book and word of the week.

### Dates for the Diary:

**14TH – 18TH MARCH 2022 - BRITISH SCIENCE WEEK**

We will be taking part in lots of science experiments.
