NEWS FLASH

MAY 2022

WHAT WE HAVE BEEN DOING

The Farmers have had a lovely month exploring the signs of Spring and life cycles, they have taken part in lots of fun activities linking to our season such as planting their very own sunflowers which they are continuing to look after at nursery to see which one grows the biggest. We have been on bug hunts around our nursery garden and went digging in the soil to see what we could find; we used our magnifying glasses to take a closer look at the different bugs and some of the Farmers were very brave as they held some of the wiggly worms. The Farmers got creative with the clay and created some of their own mini beasts showing great imaginative skills before discussing their creations with their friends. The Farmers showed great interest in learning about the life cycle of a frog and created their own frogs as well as learning the names of different baby animals.

The Farmers have enjoyed some surprise visits from our secret readers and even had a story read to them in Polish. The Farmers and Little Lambs have both enjoyed taking part in our Easter celebrations, we had a lovely Easter party picnic, made our very own Easter bonnets to bring into nursery and enjoyed an Easter egg hunt around the nursery. The Little Lambs have also enjoyed planting and watering their own sunflowers and have been enjoying taking good care of our nursery snails. The Little Lambs have loved their story of the week 'down by the station' and got very creative as they created their very own train using our recyclable materials.

WHAT WE WILL BE DOING NEXT

Throughout the month of May we will be carrying out an 'All about me' topic and working in partnership with parents to create family trees and other weekly challenges.
