

EDINBURGH WAY

NEWS FLASH

APRIL 2022

LAMBS

The little lambs have enjoyed focusing on sensory play, the children showed a particular interest in coloured materials including our sensory scarves. We took part in baby mindfulness where we explored bubbles, music and introduced different techniques to the children.

DUCKLINGS AND FARMERS

To celebrate British science week, we had lots of fun focusing on different science experiments. We enjoyed making our own Jurassic Park with the dinosaurs and different materials and went onto create a volcano explosion!

We also focused on the sink and float experiment where children discovered whether their favourite toys from nursery sink or float. We learnt lots of new words such as density and volume which the children went onto talk about at home during bath time!

WHAT WE WILL BE DOING NEXT?

In April we will be teaching the children about how to manage their own risks in play – we will be taking part in outdoor Forest School play each week, alongside bike races, climbing and balancing. This will allow us the children to focus on developing their core muscles and learn how to challenge themselves as well as risk assess their own play.

DATES FOR DIARY
