## NEWS FLASH

APRIL 2022

**FARMERS**

We have been learning about the human body and how our organs work. We carried out experiments, learning the importance of washing our hands and how this can affect our stomach. The children learnt about the different bones in their body, we also compared and made links between the purpose, importance of our spines and the spine of a book.

A big thank you to Scarlett's mum Donna, for bringing in some wooden flooring for the children to use for risky play. The children have had fun adding them to their construction areas, building with them and using them to develop their balancing skills.

**LAMBS**

The children have enjoyed developing the planting area outside. They were very excited to find some of the flowers we had planted late last year had opened up on the first day of spring. The Lambs have had fun in the mud using their senses to explore and problem solve, as they emptied and filled the plant pots.

**WHAT WE WILL BE DOING NEXT**

We will be creating rainbow trees for our calm down areas, linking to our emotions. The children will be able to share how they are feeling and add a note to the tree.
