

# BURY COLLEGE

# NEWS FLASH

June 2022

## WHAT WE HAVE BEEN DOING?

This month the children have been getting into the royal spirit learning all about our monarch the Queen, we have provided a range of activities from posting letters to the Queen, flag making, cake decorating and even had a 'street party' to celebrate! The children have loved learning all about Buckingham Palace, and our capital city London too!

Within the nursery we have introduced an 'I can' fine minute activity each day where we focus on one skill developing children's independence for example putting on their own coats in Ducks and fastening their own coats in Farmers. The children have been really focused on practicing their new skills and have showed great determination.

We have been lucky in Farmers this month that the college have been able to restart Forest School sessions, the children enjoyed going onto the college fields and reading the story leaf man, they then took part in a range of activities such as making natural crowns, foraging for materials, and exploring nature. We can't wait to pick this back up in September and take part every Tuesday!

## WHAT IS OUR NEXT FOCUS?

This month in Farmers we are really focusing on school readiness for the final few weeks to really push the children in being ready for their next transition, this includes being able to follow routine and boundaries, able to eat and follow self-care routines independently, showing good attention on the carpet and being independent in dressing/ undressing. We will be inviting teachers into nursery to meet your child!

In Ducks and Lambs, we will be focusing on growth and change as we observe the plants and trees changing in the garden that we have planted, having sunflower races and helping children to look after the world around them by showing care and concern for living things.
