

EDINBURGH WAY

NEWS FLASH

JULY 2022

THE LAMBS

The little lambs have enjoyed exploring the hungry caterpillar book this topic, so we introduced them to tasting a variety of different fruits from all around the world. Some of these included persimmon, mango, guavas, nectarines, and limes. The children explored the different textures and took some home to try. We then introduced the children to our new pet caterpillars at nursery! We will be observing them and taking care of them until they become butterflies. We will then arrange a butterfly release.

THE DUCKLINGS

The ducklings have loved learning all about the ocean this topic. We enjoyed celebrating international World Ocean Day as part of our interest in the ocean. On this day the children all came to nursery wearing different shades of blue and we arranged a big cleanup project in our role play ocean. The children dressed as divers and used their imagination, pretending to dive into our ocean and removing all the plastic and rubbish. We spoke about how we can help the sea animals and creatures and how important it is for our rubbish to go in the bins. We then made our own medals to reward our friends for being amazing helpers!

THE FARMERS

Lots of the farmers have been on holiday this topic and have enjoyed telling lots of stories about things they have been up to on the beach. From this we decided to create our own holiday resort inside of the farmer's room. We created our own beach, made sandcastles and spoke about the different languages and cultures from the countries the children visited even learning some new words.

DATES FOR DIARY
