FARMERS

In farmers we have enjoyed celebrating world bee day, taking part in lots of fun activities such as walks to the park, learning fun facts about the different types of bees we have, and the children have shown lots of curiosity about the importance of bees in our world. We learnt about pollen and how this helps some fruit and vegetables grow! The children have also enjoyed learning the bee dance, how to make honey and linking this to the importance of working as a team. The children loved an activity where we created our own bee legs using pipe cleaners and role modelled how the bees work using gloop as honey, we watched videos online to see what the bees do and the children found this fascinating!

**LAMBS**

In Lambs the children have enjoyed the 'Going on a Bear Hunt story' focusing on the different sounds in the book. They have enjoyed a number of sensory activities such as exploring paints with their fingers, brushes and natural resources and have enjoyed exploring the heuristic baskets.

We would all like to say a huge Thank you to our special most recent visitor in nursery which was Eleanor's grandma. Thankyou for taking the time to come and share a story with us the children loved it!

**WHAT WE WILL BE DOING NEXT**

We will be introducing some caterpillars to the nursery, learning about their life cycle. We will be reinforcing colours through the use of 'the hungry caterpillar book' and linking it with mathematics.
