

BURY COLLEGE

NEWS FLASH

OCTOBER 2022

Welcome back everybody! September has been a very busy month for our nursery and it has been lovely to welcome back term-time children and lots of new starters. Throughout September we have been focusing a lot on our communication and language development, our books of the week have been implemented in each room and this has really helped develop the children's listening skills and encouraging new vocabulary. Our new reading den has also been a great success for all rooms and the children have enjoyed bringing their own books in from home to share in the den during key worker times. Throughout September we carried out a reading week to support international literacy day and the children enjoyed creating their own bookmarks, sharing their favourite stories and creating role plays to tie in with their books.

Recently we have carried out a sponsored penalty shootout to raise much needed funds for our chosen charity the RSPCA and the support has been amazing! All children have enjoyed practicing their best football skills and we have really focused on our gross motor skills and in the baby room the children have enjoyed having lots of sensory ball play in our mindfulness rooms. Thank you all very much for your kind donations and we will soon be telling parents our total of how much we have raised!

Across the nursery we have been carrying out weekly forest school sessions, the children have enjoyed learning all about bugs, where they live and how they create their own habitats. We have been enhancing our mud kitchen area and the children have enjoyed getting as messy as possible! We also have enjoyed creating our own natural playdough with herbs grown from the garden and bamboo leaves!

WHAT WE WILL BE DOING NEXT:

In the upcoming weeks we will be inviting parents/carers into the nursery to read stories in our new reading den. If you are interested in coming in to share your child's favourite stories, please speak to a member of staff so we can rearrange this!

In Little lamb's the continued focus is sensory play and mindfulness, we will be creating our own sensory bottles and toys and carrying out a stay and play sensory session!

In Duckling's we will be focusing on our independence skills as many children begin their toilet training journey!

In the Farmer's room we will be focusing on the natural world following on from the children's interests of minibeasts and watching our plants grow.
