

SCHOOL HOUSE

NEWS FLASH

November & December 2022

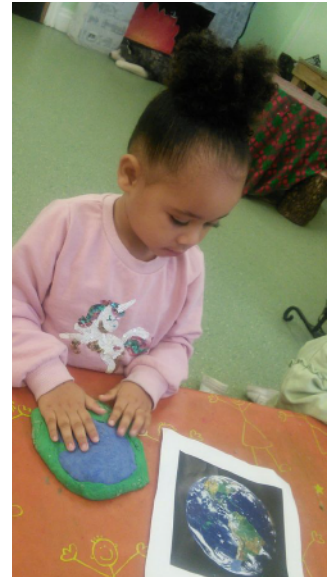

The children in Lambs room have been enjoying lots of sensory activities linked to Halloween. The children have enjoyed using all their senses during daily tummy time, exploring gloop, playdough, paint, and water. The Lambs have been moving their room around and adding more sensory resources to enhance the babies learning opportunities.

In the Ducks room the children have enjoyed the book Going on a Pumpkin Hunt, hunting for bugs and spiders in different textures like shaving foam and the inside of pumpkins. The children have enjoyed finding pumpkins in the garden, along with other objects from the story.

The children in the farmers room have really enjoyed their space week learning all about their own planet, the moon, and the sun. We looked at what planet Earth looks like, making their own with the playdough. The children enjoyed making moon sand and learning about the texture of the moon. We looked at the sun and researched facts about how hot it was and how even to look at it we must protect our eyes.

Our Explorers children also enjoyed space week learning all about the whole solar system in more depth. They worked together to make their own solar system and had fun orbiting the sun during PE. They enjoyed learning the planet song to help them remember the order of the planets and were even able to recall the amount of moons each planet has. They were very proud of their name rockets, practicing their handwriting skills and letter recognition.

All of our parental and carer partnerships are extremely important to us at Fisherfield Childcare, we are here for you and any support needed.
