FARMERS

We have really enjoyed learning all about space in our Farmers room. This has come from the story 'Aliens Love Underpants' which we have been focusing on to support the children with their toilet training. We have been learning all about the solar system and how the planets rotate and have been asking the children to make their own aliens and spaceships for our new space themed bathroom! The children particularly enjoyed walking on the moon to space music. We made our own moon sand and walked on it with our feet exploring the texture. We have also been focusing on our communication and language throughout the nursery and have been doing show and tell mornings to encourage the children to speak about things special to them from home. The children took turns in showing off their item's and discussing the different unique things brought in.

LAMBS

As part of the little lamb's focus on communication and language, we have been encouraging the children to say different animal sounds and join in with song boxes. The children have enjoyed making farm animal biscuits and exploring the different ingredients and have also enjoyed mud stomping and sensory exploration of soil and cocoa powder. We have had animal dress up days and been looking at pictures of our friends visiting the farm. The children have been doing creative activities relating to their favourite animals creating pictures using a variety of different materials.
