NEWS FLASH

April 2023

In Lambs the children have enjoyed Bernie Bus book, listening to sounds different vehicles make and practicing the Makaton sign for each one. The children have enjoyed exploring different materials, to make marks in using the cars, bus and trains. We have enjoyed adding photos of the children out and about in different forms of transport, to our construction area to share our different experiences.

In Ducks we have enjoyed the Postman Bear story where we have been developing our fine motor skills. We have been practising mark making through writing letters and role playing in the garden, posting the letters we made to the bear. The children explored different ways to mark make, using tools and their fingers in mud, flour, gloop and paint.

In Farmers we have enjoyed learning about recycling and all the wonderful ways we can reuse our old plastic and cardboard at nursery. The children brought in their own recycling from home and added it to their construction area to build with. The children had fun making their own recycling bins and learning about which colour represented which item.

In our Explorers room we have been learning all about Ramadan and why it is so important to some of our friends. We learnt the sign language for Ramadan and how this month makes us feel grateful for the things we have. The children make a grateful tree which they added their own letters to after sharing with their friends what they were most grateful for.
