FARMERS

The farmers have had lots of fun this topic. We have had lots of events such as Red nose day, World book day, British Science Week and we held our own Mothers Day tea party where we invited our Mummy's to come and have afternoon tea with us. The children enjoyed taking part in a variety of different science experiments and some of us entered the poster competition of the British Science week website. We have also enjoyed learning about the Handa's Surprise story and different cultures. We made our own Luo tribe costumes, including tribe hats and necklaces. We also learnt some new African dances. We showed interest in different occupations and had a visit from Duncan the builder to show us how to use his tools with a grown up. The children have also been learning about Ramadan this topic and have made their own Duaa. This has all been to develop our understanding of the world across the nursery.

LAMBS

The lambs have enjoyed taking part in mindfulness activities this month with our new scarves. The children love to lie down and listen to calming music and have the sensory experience with bubbles. We have also been encouraging the children to role play. We used phones and pretended to ring our Mummy's, daddy's and carers. We have loved using our brown bear book to have picnic's and learn about different colours and animals.

Dates for the Diary:
