

# EDINBURGH WAY

## NEWS FLASH

July 2023

### Look what we have done...

The weather has been so bright and beautiful that we have taken all our exciting activities outdoor so that we can learn and explore in nature. A new mud kitchen has been introduced to the garden, where we can sit and enjoy ice-pops and make lots of mud recipes, with our new equipment and utensils.

The nurse's mascot Eddie the Elephant celebrated his birthday, and the Farmers were there to celebrate alongside him, they threw him a huge party with lots of food and music for all the nursery to join in. We celebrated international dinosaur day, we pretended to be dinosaurs ourselves, made dinosaur mud footprints and then splashed about as we washed the dinosaurs.

As Oral health and healthy eating is important, we have been reading books and carrying out activities to help promote a healthy lifestyle. The Farmers all role played as dentists and pretended to clean their friend's teeth, we spoke about the causes of plaque and ways we can keep our teeth healthy. We also spent time making healthy meals and explored making healthy meal choices. We planted our own vegetables in the garden so we can watch them grow and flourish.

We have also been working on recognising our feelings and emotions, during 'mental health week'. This included making our own instruments and sensory lava bottles amongst mindfulness relaxation, yoga and much more.

This week we had an outdoor tea party for Father's Day. This was a huge success and the children participated in different activities such as dancing, singing, reading, dough disco and also enjoyed healthy snacks alongside their daddies. We are already looking forward to our next event.

### Look what we will be doing...

We will be holding graduation for our Farmers children who are leaving for school. We will be continuing to develop our gardening area and will be planting lots of fruit and vegetables.

## DATES FOR DIARY

### THURSDAY 6TH JULY

We will celebrate the first ever postcode being made by designing and writing our own post cards.

### WC 10TH JULY - LEAVERS PARTY WEEK

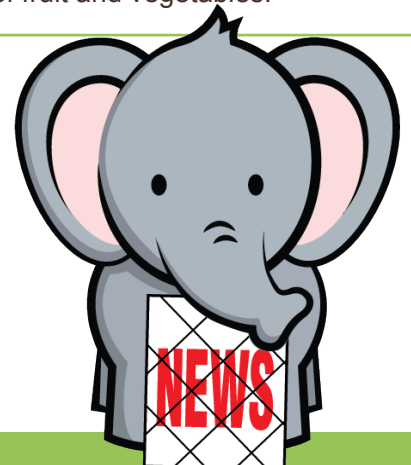

Activities will be sent out via ParentZone

### FRIDAY 14TH JULY - NATIONAL ICE CREAM DAY

We will be making home made ice cream.

### FRIDAY 28TH JULY - WORLD TIGER DAY

We will be learning about what Tigers eat, where they live and how they grow.
