FISHERFIELD CHILDCARE

SCHOOL HOUSE
NEWS FLASH

July 2023

LOOK WHAT WE HAVE BEEN DOING…

The Duckling and Lambs children have enjoyed looking at different foods, linking to the hungry caterpillar book. The children enjoyed tasting the different foods in the story, printing with them and exploring the different textures of them. We also enjoyed taking part in yoga and mindfulness in the garden, listening to the sounds around.

The Farmer children have been learning how their bodies work, linking to the book, 'How Our Body Works'. The children looked at different foods and how they effort our bodies. We learnt about the importance of keeping our bodies health and we can do to help. We have had lots of fun taking part in yoga and PE, the children liked calming back down by listening to their heart and talking about what it might be trying to tell us.

The Explorers have enjoyed learning all about their new schools and their new routine, linking to the book Topsy and Tim go to school. The children have been self-serving at mealtimes like they would in school, looking at their uniform and practising to get ready for PE.

LOOK WHAT WE WILL BE DOING…

We will be continuing to support the children in Explorers with their transition to school through the book of the week. We will be continuing to develop the outdoor area and extending our gardening area. could you please send in photographs of your child planting and playing in the garden.

Dates for the Diary:

10 JULY 23 – GRADUATION BALL

7oclock – 8oclock – for all school leavers, ticket will be on sale £5 per family. The children will be presented with certificates to celebrate their time at nursery.
