NEWS FLASH

December 2023

LOOK WHAT WE HAVE BEEN DOING...

The children have enjoyed learning about the festival of light called Diwali. The children took part in a range of activities around the celebration and enjoyed learning about India as this is the country Diwali is traditionally celebrated in. We also took part in lots of activities about bonfire night and linked this to safety around fire works and fires. We also enjoyed nursery rhyme week exploring sounds using musical instruments and making our very own instruments.

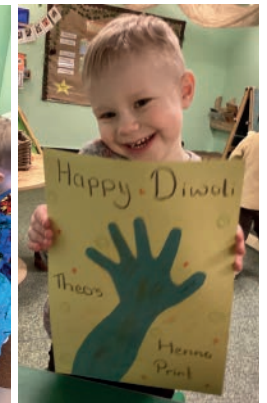

The Lambs also enjoyed celebrating Diwali and made colorful lanterns and explored moon sand sensory play. Also, through November the children have been exploring a variety of different mark making materials and enjoyed our newly developed writing area with access to mark making materials freely. This will support their early writing skills through holding chunky crayons to develop hand and finger strength eventually leading to them being able to attempt to write some familiar letters as they get older or marks to represent their name.

LOOK WHAT WE WILL BE DOING...

The children will be starting to learn our songs for the Christmas concert and doing lots of practicing each day. The children will also be learning about emotions through the colour monster story.

The lambs will be working on routine times and hygiene to support the new children starting and support the older children who will be transitioning to the farmers room in January. We will also enjoy lots of Christmas crafts and activities with the children at this exciting time of the year.
