

BURY COLLEGE

NEWS FLASH

APRIL 2024

WHAT WE HAVE BEEN DOING...

This month throughout the nursery, all the rooms have been very busy.

The Lamb's children have been focusing on personal, social, and emotional development. They have been very busy welcoming lots of new friends and taking part in lots of sensory activities. We have carried out lots of keyworker sessions to help create them special bonds.

The Duckling's room really enjoyed taken part in British Science week and Nutrition and Hydration week. We took part in lots of science experiments such as freezing the cars in water and ice, and we also carried out the skittle experiment watching the colours mix. The Duckling's also enjoyed discussing their favourite healthy foods and making fruit kababs.

Within the Farmer's room, the children have been taking part in lots of activities that support physical development including learning the conga and taking part in yoga. The Farmer's children have also really enjoyed learning all about Ramadan and why some of our families are currently fasting.

We explored the importance of kindness, sharing and looking after others.

WHAT WE WILL BE DOING NEXT...

Over the upcoming month, we will be stepping into spring, getting our garden ready for planting. If any parents would like to get involved in this, please let a member of staff know and we can organise a stay and plant session.

Little Lambs and the Duckling's children will continue to focus on encouraging the children's independence. The Farmers will be involved in lots of activities that introduce them to their schools and new routines in the next step of their journey.
