

# EDINBURGH WAY

## NEWS FLASH

**JULY 2024**

### DUCKLINGS

The Ducklings have been learning all about themselves and what makes them happy, sad, excited and nervous. We designed our own friendship flower which gave us the opportunity to focus on the feelings of others, and what we can do to make them smile. Over the next month the ducklings will be focusing on doing kind acts for our friends and we encourage parents to join in by carrying out our weekly challenges and sending them in via ParentZone, so we can share their achievements with the friends.

### LAMBS

The Lambs have had a jam-packed month of fun and exploring. We started off the month with exploring the colour red and going on a red hunt, and finding different kind of sensory objects to explore with different parts of our body. We went on to celebrate all our fathers and looked at the different pictures which brought smiles to the children's face. The Lamb's room would like to take this opportunity to thank all the fathers for their input into the lamb's room it is very appreciated. We have had some lovely weather and took the opportunity to explore with a variety of water activities outside. Next month the lambs will be focusing on different physical movements. We have a few children that have started walking or are starting to show an interest and want to encourage them on different ways they can move across the room but also support gross motor development.

### FARMERS

The Farmers have been learning about those that help us. The children were given the opportunity to learn about different occupations and were visited by several guests that worked in our community such as police officers, engineers, teachers and nurses. From all these visits the Farmers were able to learn about the different job roles and the importance of what they do for us and everyone. We have also been learning about healthy eating and about the importance of incorporating fruits and vegetables into our diets so we can grow big and strong. As we head towards the end of the academic year the farmers room would like to take this opportunity to thank all our parents for always joining in and always supporting us in extending the children's learning.

### SPECIAL NEWS

We would like to take this opportunity to inform all parents our manager Lilian will be going on maternity leave in September.

### REMINDER

For children who attend on Government funded only hours the term ends on Friday 12th July. Term time places end on 19th July for the 6 weeks holiday. Any questions please speak with your child's key.
